

God asked this question first. He spoke it to the man and woman He had just created. God had made them in His image and likeness. Then they were placed in a wonderful Garden. They were given the tree of life to eat. This tree represented God's life. If eaten, it would have given them the eternal life in addition to the created life. God and man would then have become eternal companions.

But, they became distracted. They ate of another tree, the tree of the knowledge of good and evil. The result was not life, but a constitution of death. The man and the woman knew something was wrong. They ran and hid from God.

"Where are you?" God called out.

Where are you?

Your acts - sometimes OK.
Your heart - that is another matter.
Face a holy, righteous God - **Hide!**

But God is not condemning you. He is calling you to come to Him. He knows something is wrong. He has the answer. A Lamb, Jesus, His precious Son, has been slain to be your righteousness. He was raised to be your life.

Open your heart to God's call.
Acknowledge your condition and receive God's provision. God will be your life!

Now it is your turn to call. Call, **"Lord Jesus"**.
